ONLINE GIVING MADE EASY

LIVE UNITED

About Give at Work

Give at Work is an online giving tool that makes giving easy and managing your campaign more effective! This secure, web-based pledging process eliminates the need for paper pledge forms, tracks campaign data in real-time, and delivers effective campaign management reports.

Step 1

Contact your Mail Server Administrator to ensure the email address pledge@uwsme.org is allowed through firewalls.

Step 2

Complete the registration form by visiting uwsme.org/GAWregister.

Step 3

After you register, your Relationship Manager will be in touch with your custom URL and next steps.

Step 4

Share the link with employees and inspire giving! (Don't forget an internal communications plan in support of your campaign. We provide sample emails at www.uwsme.org/campaign.)

Step 5

Once the campaign closes, access a payroll file from the admin site and provide to your organization's payroll department.

Questions?

Contact us at pledge@uwsme.org.

Benefits:

- Lowers expenses and staff time with a "greener" option
- Provides efficient accounting for your payroll system
- Offers a secure campaign website
- Automates pledge confirmations
- Decreases errors with secure transactions
- Deploys real-time electronic reporting
